

Security Glass Etching

Effective Car Theft Deterrent

This benefit is given FREE to our car insurance policy holders.*

The plate number of the insured vehicle will be etched on the following areas: Windshield, Rear Glass and Right and Left Side Glass Windows.

This benefit is valid for car units up to five (5) years or age.

The glass etch service is valid for the first six (6) months of the policy. Should the request for glass etching exceed the given period, said service will be conducted on the renewal of the policy.

The premium must be paid.

*Note: For select packages as seen in the Table of Benefits.
